We have all been shocked by some drivers' total disregard for children's safety outside school. It is illegal to stop on the double yellow & zig-zag lines, even just to let your child get out, & you can be fined for leaving your engine running. The police will be visiting over the next few weeks – you have been warned.

Once again, we need to ask parents **NOT** to park in the car park which is for staff only. Also, please do not stand in or near the car park gate at the beginning and end of the day as members of staff arrive and leave at these times.

Well done to all the children for a superb effort in the sponsored spell this morning. Lots of you have obviously spent lots of time practising and practising! Please send all sponsor money into school by 13th March so we can let you know the grand total raised.

Don't forget that children are invited to come to school in their pyjamas and slippers next Friday, bringing their favourite bedtime story with them, to celebrate World Book Day. Please make sure they have outdoor shoes for break times.

The 100% attendance prize draw winner this week is ...
Louise
in Dragonflies
Enjoy spending your £10 Amazon voucher!

If you have any Lego tokens from the EDP, we would be very pleased to receive them. 1,000 tokens will earn us £50 of Lego, and if we collect more than any other school, we will receive £1,000 worth! Tokens will be published until 29th April.

We have a new flagpole and are keen to start flying international flags, as we used to. However, we need a large hole to put it in, and we were wondering whether any very, very kind and generous person could help us. Please contact the office if that person is you!

When you leave a message on the absence line, please give a full reason for absence, including the nature of any illness.

!!This week, the total amount of learning missed due to lateness added up to nearly one whole day!! 😲

Mums might want to take a look in the EDP on Friday 17th March!
